

REMARKS

Applicant appreciates the thorough review and analysis by the Examiner. Applicant further appreciates that claims 12-18 are allowed and that claims 4, 6, and 7 would be allowable if rewritten in independent form including all the elements of the base claim and any intervening claim. Applicant accepts claims 12-18. Applicant also amended claim 1 to include the elements of claim 4. Newly added claim 19 includes the limitations of claim 1 and previously objected-to claim 7, and claims 20-22 are dependent therefrom.

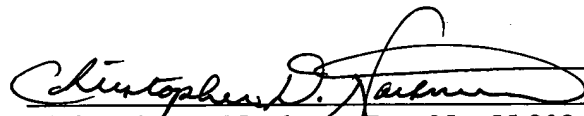

The Examiner also objected to the drawings because the reference numeral 53 was used to indicate both coiled spring 53 and lobe 55 in Figure 4. Applicant submits a replacement sheet in which Figure 4 has been amended. Applicant respectfully submits that the replacement sheet addresses the Examiner's objection.

CONCLUSION

Applicant respectfully submits that claims 1-3, 5-7, and 12-22 are all in condition for allowance. Reconsideration of the application and allowance of all claims are respectfully requested, and Applicant respectfully requests the issuance of a Notice of Allowance.

Respectfully submitted,
